SEP 04 2009

SUBJECT: Classes K, H, G and E, MIL-PRF-38534 Certification, Hybrid Microcircuits, FSC 5962

Mr. Dan Miller
Quality Assurance Manager
M.S. Kennedy Corporation
4707 Dey Road
Liverpool, NY 13088-3501

Dear Mr. Miller:

Your hybrid facility at the above address was sample audited the week of September 11, 2008 for compliance with MIL-PRF-38534 Classes K, H, G, and E. An acceptable level of confidence has been established that compliance with these requirements exists. Therefore, M.S. Kennedy is considered a certified Classes K, H, G, and E manufacturer (certificate enclosed) effective February 17, 2009.

This certification is for the following:

- a. Quality Management Plan: Quality Control Manual MS 50 Revision L
- b. Conversion of Customer Requirements: Procurement Document Quality Requirement Review MS 26 Revision V
- c. Controlled documentation baseline for processing MIL-PRF-38534 devices:
 - 1- Baseline Listing, Form 8368, dated 5/29/2009
 - 2- Quality Conformance Inspection (QCI) MPI 5008 Revision X
 - 3- Generic Flow Chart Class K 2422-2739 Revision G
 - 4- Generic Flow Chart Class H 2422-1518 Revision T
 - 5- Generic Flow Chart Class E 2422-9936 Revision B

This certification is valid until terminated by written notification from the qualifying activity. The normal period of certification is two years from the date of the audit and, if warranted, may be withdrawn by DSCC at any time. Your facility may be re-audited on a drop-in basis at any time.

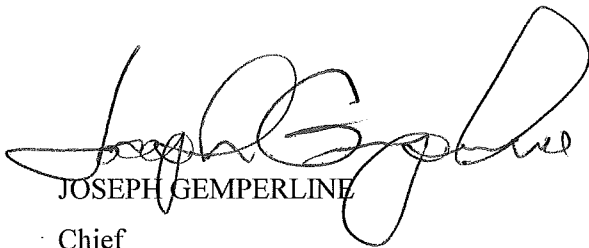

All screening, qualification, conformance, and periodic inspection must be performed at a facility which has a DSCC-VQ letter of Laboratory Suitability for the applicable test method and condition. QML manufacturers shall notify the qualifying activity immediately after learning of a potential issuance of a GIDEP alert, problem advisory or major quality/reliability problem affecting QML

products. This includes failure to perform screening or sample testing (including inspection) in accordance with MIL-PRF-38534. Failure to provide notification may be grounds for removal from QML-38534.

If you have any questions, please contact Ms. Tonnu at (614) 692-0586.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph Gemperline", is written over the printed name. The signature is fluid and cursive, with the first and last names being more prominent.

JOSEPH GEMPERLINE
